

AAAC Meeting

June 18, 2010

Members Present: Mark Vegter, Mindy Kinney, Teri Farr, Brian Aitken, Amelia Noel-Elkins, Jon Rosenthal, Jess Ray

Members Absent: Janet Tulley

I. Chair's Report – no report

II. Secretary/Treasurer's Report

Minutes from 5/13/10 were approved with no corrections. The budget remains unchanged.

III. Professional Development and Training Subcommittee Requests

The PD committee submitted a budget proposal for the fall and spring Advisor Days. They hope to have speakers from campus for both occasions which will cut down on travel costs for the keynote speaker.

PD committee has set their tentative fall schedule for development sessions and is looking for ideas for spring sessions. Please forward any ideas on to any of the committee members.

IV. Committee Updates

Professional Development and Training – see updates above. NACADA training video sessions are being held next week. The training portion of this subcommittee has started to collect training materials used by various advisors/departments on campus and hopes to meet after Preview to begin compiling training resources that will be housed on the Wiki. They will also begin work on a training/walk-through of OASIS

Technology – no report

Assessment – committee has not met

V. New Business

Mindy has accepted a new position in KNR and will be resigning her position as Special Populations representative on AAAC. July will be her last meeting.

OASIS status – a new update was released on Thursday. This will be the last major update until BITS has finished its reorganization/restructuring.

Sample Plans of Study – it was suggested that we examine the accuracy/use of these plans in a campus wide conversation with advisors with the goal of graduating students in four years. This was suggested as a possible PD session.
