

Academic Advisor Advisory Committee

Technology Subcommittee

Meeting Minutes

May 17, 2007

Members Present: Darryl Craig, Chris Knuth, Mary Leung, Jess Ray, Diane Skidmore, Maureen Smith.

Members Absent: Krista Jackson

Mark Troester was asked to present the current Registration Search tool his office has been working on. It is a comprehensive system that allows searches of courses based on countless facts. It will also perform additional searches based on initial search results and provides links to related information such as department websites and career information. It is an incredible tool that will likely change the way the campus as a whole looks at and deals with information.

Mark indicated the program will be released as a demo project for campus input in the near future. It may be released as soon as preview.

Mary distributed copies of the minutes from the April 20th meeting. It was decided we would review them and e-mail corrections and approvals in the next week or so.

The next meeting will be May 31st @ 9am in Moulton 102.

Respectfully Submitted,

Chris Knuth
