Minutes for last meeting were approved

- New members Allison and Grace were welcomed to the committee

- LEAP Forward Project
    - Several members of the committee attended the Town Hall meeting on February 23.
    - Jess provided a summary overview of the information from that meeting to our new members. Highlights: Emphasis on being as "vanilla" as possible. Recognizing that it will be a difficult transition and a complete culture shift. Understanding that not all of our "homegrown extras" will exist in the new system.
    - The Emerge team is beginning to meet with various campus groups (starting with Admissions and Financial Aid) to do interviews/process mapping. They will be contacting us at some point to set a meeting.
    - In anticipation of that meeting we should be thinking about our own processes as we move through registration.

Next meeting is scheduled for April 5, 2012.
