New Business:

Presentation regarding ICampus changes by Julie Prianos and Jamison Prianos

- Main changes to the ISU web
 - Focus was external: prospective students, parents and alumni
 - Need for internal focus: advisors, faculty, students
 - Answer: My Illinois State
 - Will encompass daily work as well as all past functions of I-Campus
- Old “I-Campus”
 - Was student focused
 - Too many tabs and many not relevant to some users
- New “My Illinois State”
 - Advisors: can get into individual Student I-Campus progress
 - Can go from “find a course” to registration without backing out
 - Can send a student needed link
- Promotion of “My Illinois State”
 - Will go live around August 1, 2012
 - Will have a marketing campaign for student awareness
 - I-Campus will redirect to My Illinois State
 - Transfer students will receive a special message
 - All who made an appointment for a Transfer Day
- Registration features
 - Hiding the “drop button” so students don’t accidentally drop a course
 - Overrides will be at top of section and in red
- Customization of Settings
 - Student, faculty or staff
 - Each will determine the customization of settings
 - Mobil App will remain I-Campus
- Survey is currently offered at “myillinoisstate.edu”

Old Business:

Advising Process for new mainframe

- A working document is being developed to determine “pain points” to be used for discussion with new vendor
- Would like to have some of the Leap Forward members at a fall AAC-Tech meeting
- With discussions of Leap Forward there may be a need to add some AAC-Tech meetings to the 2012-2013 year

Call for Adjournment by Maureen seconded by Ryan

Fall 2012 Meeting Schedule

- September 6
- October 4
